

Clocker's Corner 10-5-11

Monticello

R 1 # 1 **THE BADLANDEROSA...** may be a decent play...in fact...it may be better than that...Bruce is back up for trainer Stratton who steered him from the 7 hole with some added vigor being parked for the first half...a nice training mile.....the previous start from the 6 hole saw an interference break to muddy his form even more..with today's 1 post I think 4-1 odds or more will be a bargain!

Meadows

R 5 # 4 **SPRING AGAIN...**if for any reason we get 5-1 or better...the little drop in class may be all the difference this grinder needs....

R 6 # 1 **CLYDABELL...**after two trips from post 8...post 1 may be all the relief and is the main reason why I like her chances....hoping for odds of 9/2 or better....

R 8 # 6 **RR'S CAVIAR...**wins at a 20% clip lifetime..Palone up in the bike...who knows...may wake up big time today...would like to see at least half of what the morning line is...so...7-1 or better and it's a decent investment despite how she looks on paper....

R 11 # 3 **OUTDOOR ACTION..** can throw out the last 2 races...look at the rest...could be the best...at 4-1 or better...

R 12 # 8 **SUNNY NEW DAY...**Palone up on this one and he likes to gun with a horse like Sunny to the front and hope to get a decent spot...if not the engine...always hard to get a long price on Palone...we will be patient and try to get something like 8-1??

R 14 # 8 **JENNARATOR...** The 9 horse..Raines Hanover has owned Jennarator...but...I think Raines has peaked and Jennarator is just rounding into some shape...Gotta like the Jenn with odds bound to be 10-1 or more....
